

28. DISCOVER YOUR CALLING

The quickest route to discovering your “calling” (or rather re-discovering it because deep inside we always actually knew what it was) is following your intuition as much as possible when it is gently guiding you toward something that makes you feel EXCITED, CURIOUS, and ALIVE; a joy-filled action that brings you closer to the effortless state of FLOW.

It may not be anything “huge” per se, but it may be a small step in the right direction that will ultimately bring you closer to fulfilling your wildest dreams!

For this reason, it is important to be flexible and open-minded about your calling evolving over time and not being afraid to step out of your comfort zone to follow those little magical nudges from the Universe/your Higher-Self.

Remember that you wouldn't have them if they weren't related to YOUR specific life calling and purpose, and keep following the "bread-crumbs trail" of your curiosity as often as you can.
