

23. HOW CAN YOU SERVE?

Being of service is a hugely important part of our soul purpose on this physical plane, regardless of what your purpose is. And the funny thing is- you don't even have to know your soul mission in order to be of service to others. Simply focus on how you can serve OTHERS today! What can you do to make someone else's day/month/year/life better? Some of the deepest lessons and a sense of fulfillment come from serving and contributing to the good of others (Be they humans or animals). It feels wonderful and it really doesn't have to be some grand, unachievable task. It can literally be a tiny act of kindness that ultimately changes someone's life trajectory.
