

31. KEEP GOING

At certain point in life, we all hit a plateau of some kind that might feel challenging or never-ending. But just because something hasn't worked out so far--definitely doesn't mean it never will!

In fact, what if this "stagnation" is the Universe's way of testing your faith and determination?

What if this challenge is supposed to help you realize WHY this dream/goal is so important to you?

Do you want this enough to persevere regardless of all the reasons not to?

Let this test of will power help you develop your inner strength, patience, resilience, and persistence you didn't even realize you had! Your soul wants to encourage you to keep going no matter what, to keep creating, to focus on whatever FEELS RIGHT in your life, and to have faith that eventually everything will work out absolutely beautifully!
